- + Hooks also work as parking feet

Contents: E-Trunk with universal Top-Lock adapter system

Attention: Maximum load 10 kg/22 lbs.!

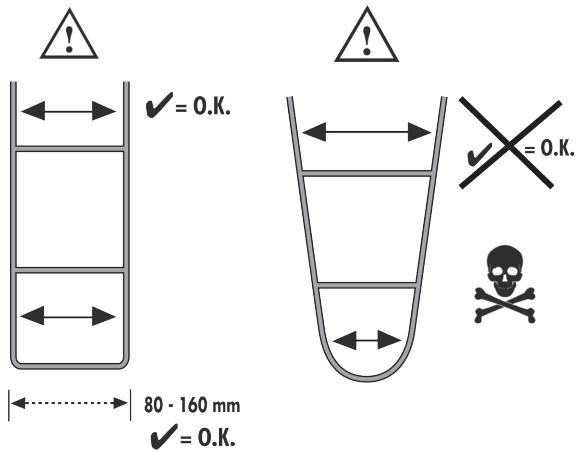

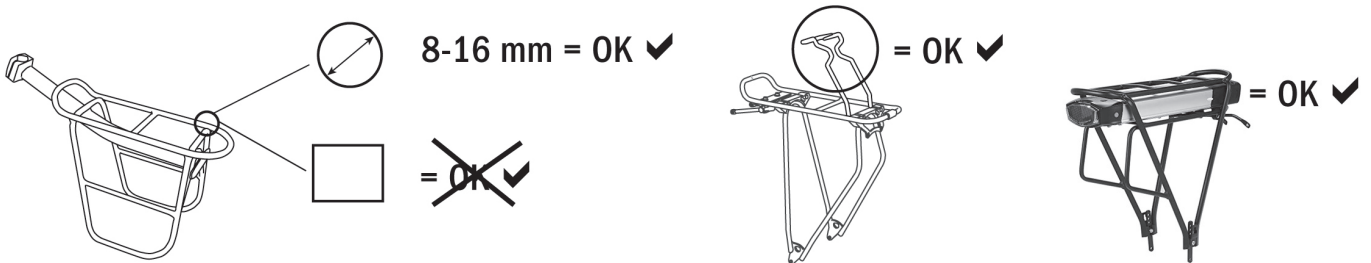

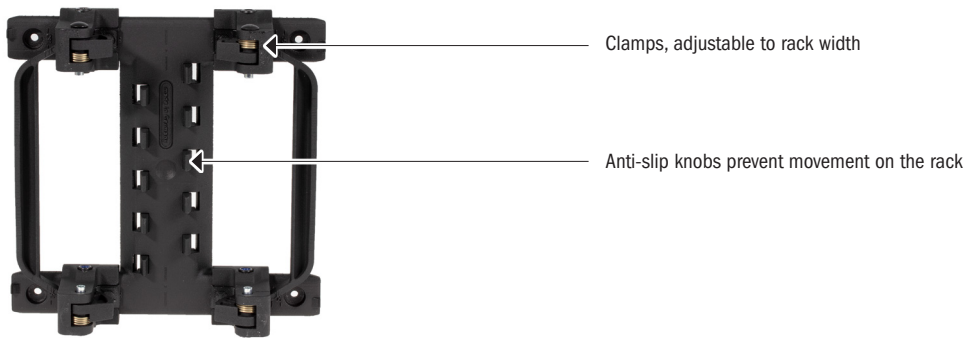

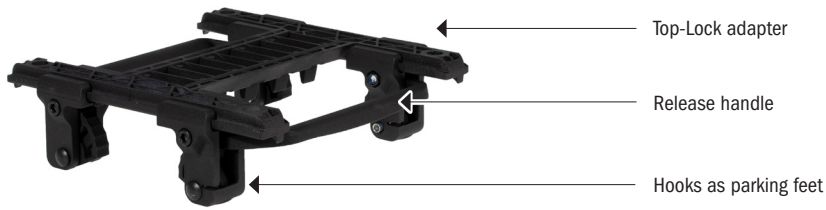

Note: A second rack level allows QL2.1/QL3.1 bags to be attached at the same time

Note: For reaching protection standard IP53 (5=dust protected, 3=protected against splash water coming 60° to the vertical) the lid of the bag must be closed completely. Once submerged, the bag is not waterproof

PRODUCT INFO

TOP-LOCK

Universal adapter system for mounting bags and baskets on the bicycle racks

Top-Lock adapter must only be used on carriers with rectangular base, e.g. left and right rails must be parallel to each other
